4. Mr. Wolf signed the letter to the Navy forwarding [REDACTED] Personal Service Contract. On examining the contract, it appeared that compensation is established at \$50.00 per diem. This is inconsistent with the presentation made to GAO on the matter. After discussing with Personnel, contract was changed to read \$50.00 per consultation. This is a technical point relating to the distinctions made by the Comptroller General between compensation on a time basis and compensation on a fee basis. A copy of the letter to GAO on the case had been forwarded to Personnel Director. This entire matter was called to the attention of [REDACTED]. He expressed his appreciation for our advising him on the matter. (JSWarner)

5. Meeting was arranged for tomorrow at 3:00 at State on working fund aspects of the Psychological Strategy Board. Since Mr. Peel cannot attend, Mr. Saunders and Mr. Warner will carry the ball for CIA. (JSWarner)
